

Donation Guide

1. Our goal

“Diagnostic Consortium to Advance the Ecosystem for Hereditary Angioedema (DISCOVERY)” is committed to helping undiagnosed patients who are suffering from diseases such as HAE, aiming to achieve appropriate early diagnosis through collaborations with healthcare professionals, patient groups, academic organization, pharmaceutical companies, etc., and to achieve a diagnosis rate comparable to that in Europe and the United States within the next 5 years.

2. Our activities

The consortium is engaged in the following activities to achieve the goal.

- (1) Develop and promote medical data analysis solutions, utilizing technologies related to the diagnosis of diseases such as HAE
- (2) Support healthcare professionals in early diagnosis of HAE and other diseases
- (3) Raise awareness of diseases such as HAE
- (4) Support the information exchange and network building among specialists in diseases such as HAE and related organizations
- (5) Other activities incidental or related to the foregoing

3. How donations received will be used

Donations received will be used for our operating funds.

4. Application period

Application is received at all time.
